

# Advertiser (v1.1)

## 1. Description

Sets the bot to display text at configured intervals.

Displays advertisements at fixed intervals. There are currently 3 different ways to get the advert shown:

- **ONJOIN** - shows (as a notice) when someone joins the channel
- **TIMED** - shows based on the timer setting
- **ONJOIN\_TIMED** - shows (as a notice) when someone joins AND based on the timer settings
- **RANDOM\_TIMED** - shows a random advert from the list based on the timer setting

## 2. Configuration

The configuration file for this plugin is **system/Advertiser/AdvertiserConfig.xml**

### 2.1. advert

- **id** - unique (numerical) id for this advert
- **type** - the type of advert: ONJOIN, TIMED, ONJOIN\_TIMED, RANDOM\_TIMED
- **channel** - the channel to send the advert text to
- **timer** - how often the advert will be sent (in seconds)
- **text**(unless RANDOM\_TIMED) - the advert text to send to the channel

```
<advert id="1" type="TIMED" channel="#deaded" timer="3600" text="Hello World"/>
```

or if it is a RANDOM\_TIMED advert type

```
<advert id="1" type="RANDOM_TIMED" channel="#deaded" timer="3600"/>
<text>Random Ad 1</text>
<text>Random Ad 2</text>
<text>Random Ad 3</text>
</advert>
```

## 3. Commands

There are no user commands for this plugin at this time.

### Note:

This plugin is currently controlled from the config file only, none of the command have been implemented yet.
