

# Simple (v1.1)

## 1. Description

This plugin is, well ... simple :)

The Simple plugin is basically just an example plugin. It doesn't require any configuration for the plugin itself and is a nice simple example for a plugin author. You can also get it to tell the time and say hello.

## 2. Configuration

There is no configuration available for this plugin at this time.

## 3. Commands

### 3.1. Tell time

**Command:** !time

**Description:** Will show the time of the machine that it is running on.

**Auth Level:** none

**Where to give command:** channel

**Outputs to:** channel

**Example(s):**
